Mr. Melvin J. Hentze:
Minooka, Illinois

Dear Mr. Hentze:

We received your message on the televiwer yesterday. It was good to hear from you again. We would have used the outviewer, but the rocket crew has not arrived to repair it yet.

It seems like just yesterday we were all hurrying to our classes before the bell rang. So many things have changed since we graduated. Melode and I were thinking about holding a reunion up here this year; we haven't had one for ten years.

Have you seen any of our old classmates recently? I imagine with the school so large now you don't have much time to visit the old grads.

Of course you must see Frank Campbell, Ed Anderson, Bob Mork, and Ken Phillips every now and then in town. How are they doing with the drag strip?

I heard the news about White Willow becoming a state on the audio-viewer a while back. With Gary Geistler as the governor, I'm sure the new state will do well. How is the basketball team getting along under their peaceful coach Roger Hadaway? Does Ron Peterson still own that paint store? Is Dan Roberts still the only farmer in the whole state?

I understand Charlie Karr is doing well as a pitcher for the Cardinals. With Mr. Miller being coach of the White Sox, I imagine they still argue about baseball. Oh—that reminds me—Don Williamson started his own baseball team up on the moon. I think he named them the "Orange Sox."

The M.O.P. Corporation is very prosperous. Don McCord, Mark Offerman, and Dick Pace founded the corporation. They have three lovely secretaries—June Vickery, Linda Todd, and Sandy Weigerding. They manufacture mops.

Are Rae Lee Hagmayer and Gerry Peterson still teaching P.E. at school? Hansena Vandborg and Rosemary Lamping are now your business teachers, aren't they?

While I was down on earth last month, I saw Jeanette Coyne, who is still trying to decide whether she should or should not go to college. She told me that Tom Keplar owns a furniture repair store. He still tries to fix his old red Buick. He won't take it to Dan Anderson's Service Shop. He always was stubborn.

Yesterday I saw a mouse. I was terrified, but I used one of the "Ken Dean Electro-traps" and got rid of the horrid creature.

I went to see Steph Mann last week. (You know she is the first waitress to ever make a million dollars in tips.) She was telling me about some of our old classmates. Ava Galloway is the hairdresser for the first ladies. Sherry Eaton is the greatest piano player in the world. Roger Miller is still in the army. He's a private first class now.

Melode and I bought a car recently. We got it at Bob Wilkinson's New Car Lot. He gets some tough competition from Duane Savukoski who has a used car lot across the street. Both are supplied with hubcaps from Ken Malone and Clayton Wilson.

Kristi Hoyland is working as a maid for Congressman Dick Kubinski. Shirley Lundstrom, Betty St. Ange, and Margaret Wheeler own a shoe store near Dave and Rosalie Corbin's clothing store. They sell everything for twins. Allen Pehlke is their bookkeeper.

Jim Satorius is an actor. Have you ever seen him perform? I saw him in a movie, and he was great. Rhoda Martin married a rich hillbilly and has a daughter name Eloise. Bev Ham is Eloise's nurse. Cheryle Ashmore is head of the Peace Corps. She is in Siberia doing research. Lee Harrison and Eldon Sitzes are wrestling coaches at the Mars-Inter-planetary School for Boys. Dale Sage is an IBM operator at Larry Torkelson's car factory. They even make cars with that machine now.

Barb Wendell owns a Howard Johnson restaurant. LoWayne Wells works there as hostess. Part of the restaurant is a fashion center where clothes are modeled. Nancy Murley models there for fashion designer Sharon Grindstaff. Jean Vickery is performing there now. She is one of the best opera singers in the universe.

Next time you go to Hibler's Food Mart say hello to Merry Todd for me. She is the head clerk now, isn't she? Is Bill Turner still working at the Foundry?

I'd better sign off for now. Melode and I are going to Mars to visit a friend. We are doing fine up here in the satellite. We get to come down to the earth in three months. I hope we can visit you then.

Yours truly,
Stell Owens

Class History

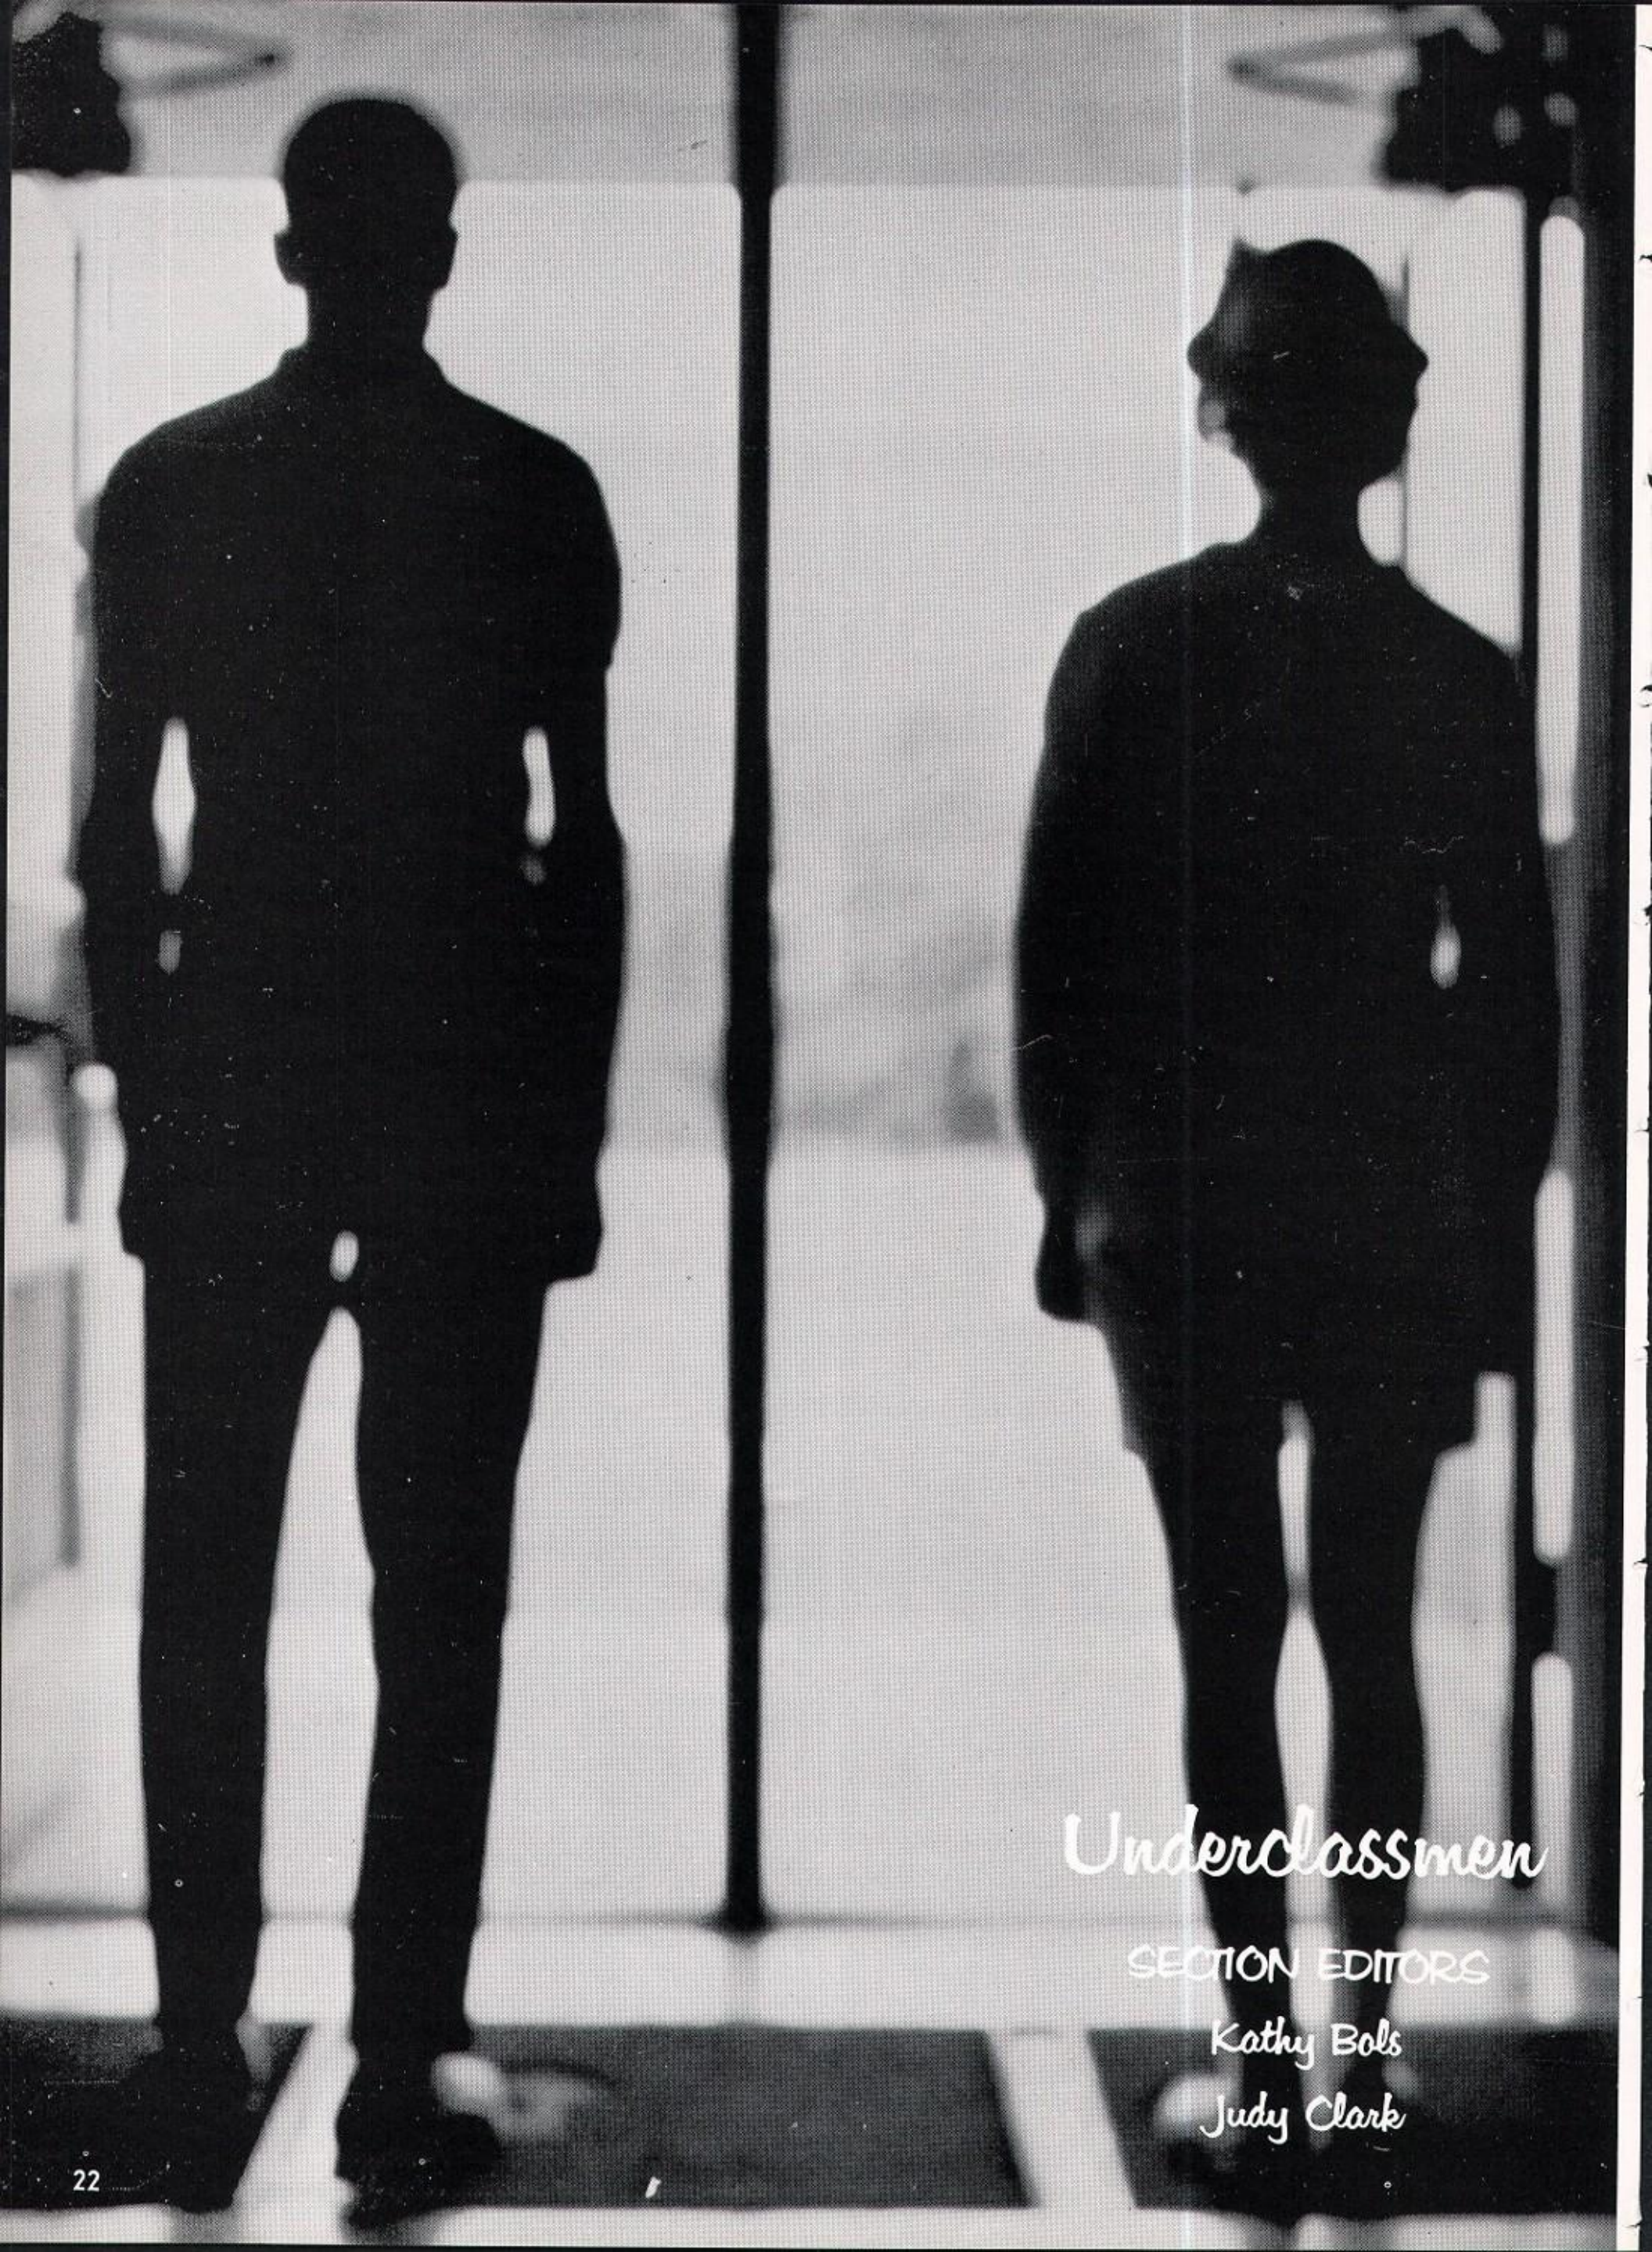

65 Freshmen began their career at MCHS just four short years ago. Our Freshman year was filled with excitement, bewilderment, and achievement. Fortunately, there were limited activities for Freshmen, which gave us an opportunity to adjust to our new surroundings. Our Sophomore year was filled with following our champion baseball and basketball teams. Our Junior year was packed with as many activities as one year could hold. We Juniors sold Christmas cards, put on the play, "Lights Out," sold concessions at basketball games, and put on the prom, "Mystic Moments," for the Seniors. Our Senior year is a very memorable one with our class trip, class play "Here Comes Charlie," prom, and graduation.

We have many fond memories of our High School years, but we have now set new and higher goals for ourselves. Our class motto seems very appropriate for we graduating Seniors, "The Longest Journey Lies Just Ahead."

CLASS MOTTO: "The Longest Journey Lies Just Ahead."

Dear Diary,
I just love basketball games — especially when they're close, and we really had some close ones this year. I get so nervous, but boy are they fun. We really get some big turn outs for our games. Even the away games have big crowds. Everyone sure has good school spirit. The team was in there fighting all year. The varsity weren't the only ones with the exciting games. The junior varsity came up with some hair-raisers, too.

Free Throw Trophies

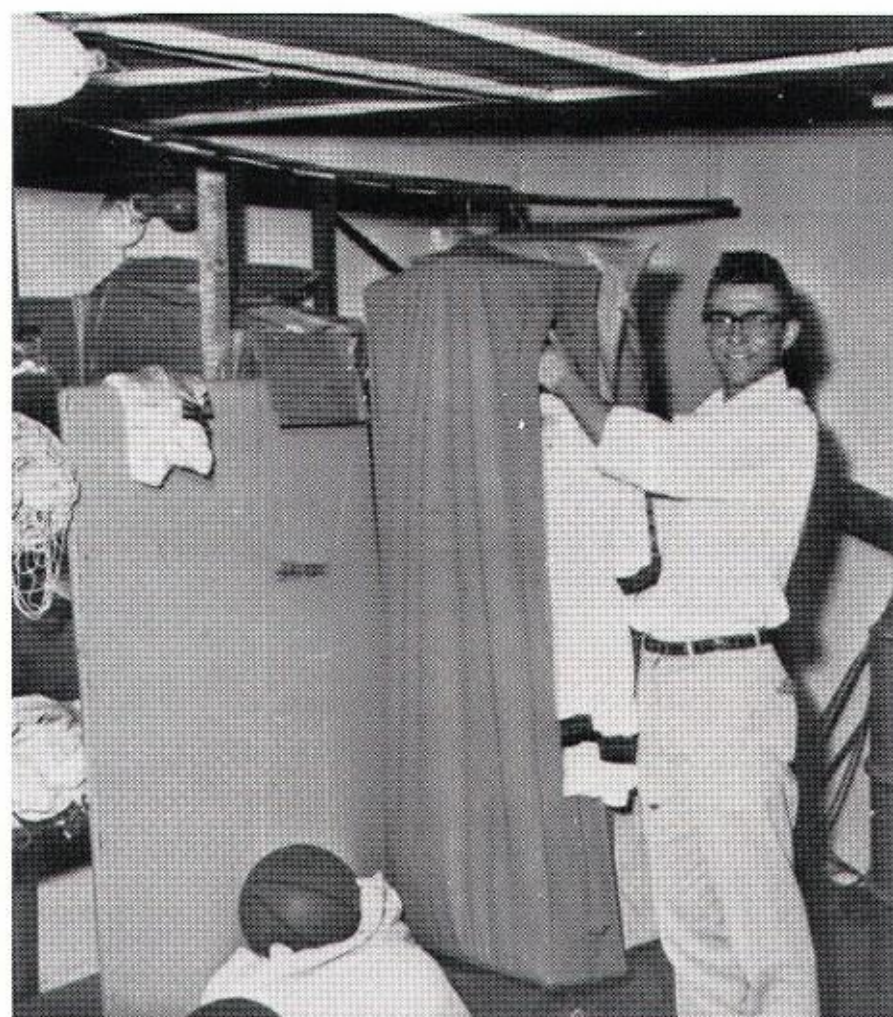

The Wayne Thompson Memorial Trophy this year went to sophomore Craig Mann. Craig hit 66 of 90 tosses in varsity competition for a very fine .733 average.

Freshman Mike Hoyland won the Robert Rushton Memorial Trophy with an average of .583. Mike made 21 of 36 attempts in junior varsity play.

Managers

Terry, "Dr. Ben" Coley, or "Spade" was kept busy as a manager this year. Here he puts away suits at the end of a long season.

Steve grabs for supplies which are always in demand. One duty of the managers is to make sure equipment is in stock and available for use.

Dear Diary,
We had a championship year this year as far as wrestling goes. Our record at the end of the season was 11-5, but what is more important, we won three tournaments. The team won the Fox Valley, Coal Valley, and our own Minooka Invitational Wrestling Tournaments. I was quite proud of them. They performed well not only as individuals but also as a team.

Dear Diary,

I had a full track season this year, participating in six meets besides the Fox Valley, Coal Valley and District track meets. Even though I did not qualify for the State Finals in the District Track Meet, I gained valuable experience in participating against some of the best competition in the state. I witnessed two school records being broken as Jim Satorious went 5'7" in the high jump and Don Williamson ran 10.6 in the 100-yard dash. Many other records came close to being broken.

Events

Dear Diary,

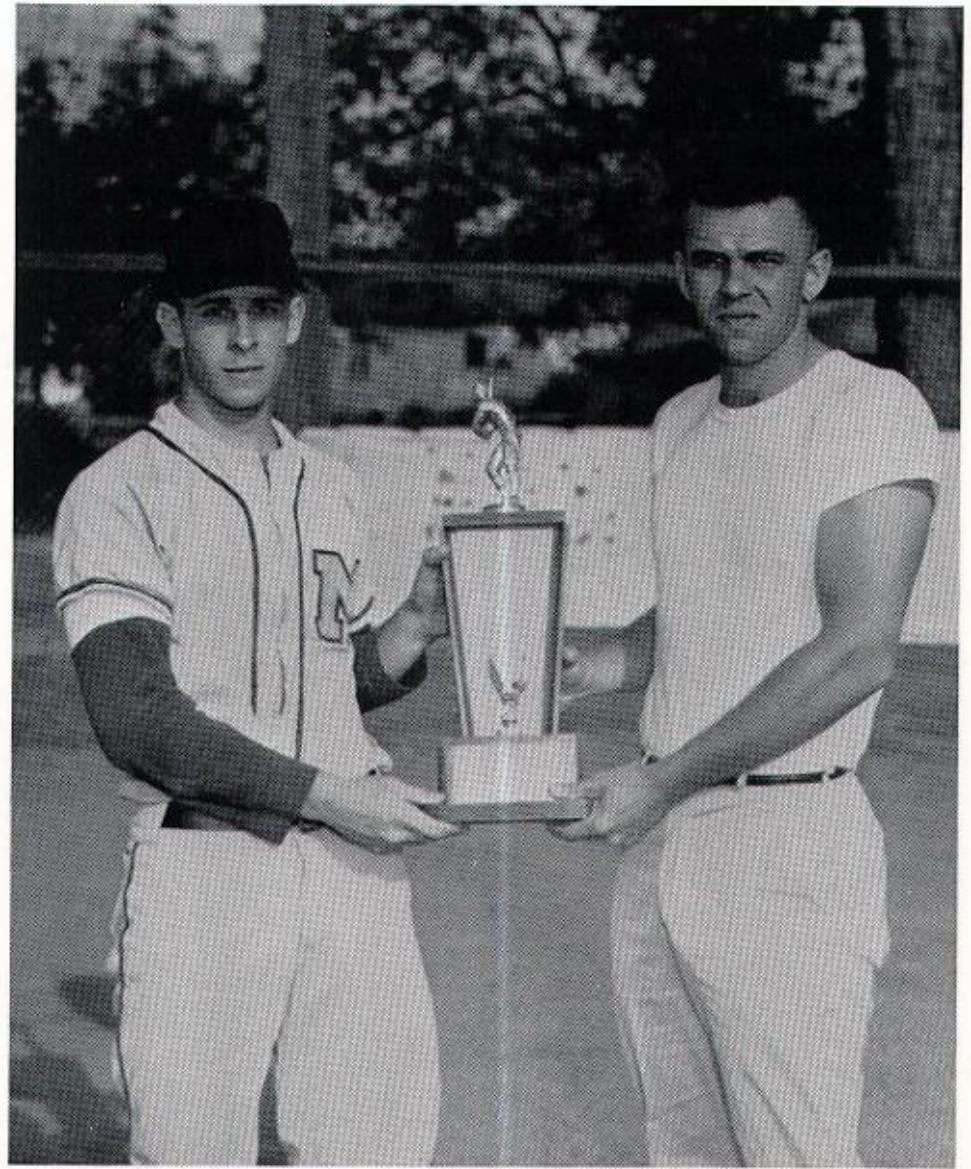

This year's season is well worth remembering. I'll never forget how exciting our Fall season was. We won 8 and lost only 1. This was good enough to tie us for 1st Place in the Coal Valley Conference. Besides that we won the Coal Valley Conference Tournament. During the Spring we managed a 9 and 7 record. We beat Morris in the first District Tournament game but later were defeated by Coal City in the final round.

FRONT ROW: Landis Smith, Craig Mann, Alan Dorick, Chuck Karr, Don Williamson, Mark Offerman, Dave Brown, Harry Ludwig, Dan Friant, Manager Dave Corbin. BACK ROW: Coach Norman Miller, Bob Bluer, Jim Monday, Bill Lorraine, Mike Hoyland, Dennis Randolph, Dave Peterson, Mickey Korelc, Randy Kracker, Monte Gerber, Pearce Brooks.

Batting Award

The Dave Dorick Batting Award this year is presented to catcher Alan Dorick by coach Norm Miller. Alan led the team with a .321 batting average.
